All students were contacted through various types of messaging systems to inform them of the potential funds they may be eligible for. Each student was presented with the Certifying Statement through these messages to determine grant eligibility. This statement was to inform each student of what the Emergency Financial Aid Grant to Students was intended for. Upon reading the statement the students could ask questions and respond with yes/no as to whether they had a disruption in the family's financial situation due to the COVID-19 pandemic. This allowed City Pointe to answer all questions the students may have had. It also allowed us to determine the number of students eligible. See Attachment C (Certifying Statement)

City Pointe Beauty Academy has done our very best to keep students informed of the use of these funds.
